

KALITTA CHARTERS CONFIDENTIAL SAFETY REPORTING

This form has been developed a voluntary confidential/human factors safety reporting means for reporting safety issues in a proactive effort to reduce accidents or incidents. The safety reporting system will serve as a means of communication to management of failures in such areas as Company processes, Company equipment, or human factors. This report may be used by any Company employee and submitted by placing in the "Safety" mail box located in the pilots lounge or faxed to 734-544-7041
